

INFORMATION

Dear Colleagues and Friends,

We are pleased to announce the NATO ARW

“Molecular Self-Organization in Micro-, Nano-, and Macro-Dimensions:
From Molecules to Water, Nanoparticles, DNA, and Proteins”,

dedicated to Alexander S. Davydov's 95th birthday, to be held in June 8–12, 2008,
in Kyiv, Ukraine.

The key topics of the NATO ARW are the following:

Molecular Self-Organization Processes in Micro-, Nano-, and Macro-
Dimensions

Hydrogen Bonding, Water, Aqueous Solutions, Molecular Liquids
Clusters (including gold), Nanoparticles, Nanotubes, Nanodots

Molecular Nano-Devices

Solitons, Proton Transport

Molecular Modeling, Molecular Dynamics

Thin Films, Surface Phenomena

DNA, Peptides, and Proteins

The NATO ARW is being organized and hosted by the Bogolyubov Institute
for Theoretical Physics of the National Academy of Sciences of Ukraine.

More details will be posted on <http://arw2008.bitp.kiev.ua/> when they
become available.

You can contact for more specific information:

Local Organizing Committee
